# Overview

The My Expense Widget shows the user a 'My Expense Reports' which provides details of the current month's expense claim along with a chart showing the status of all claims you have made (with rejected, new and paid status).

The Actions button allows you to:

- Create a New Expense Report: you will create an expense report for each month that you need to claim for work related expenses
- Manage This Expense: update the current month's expense report (highlights on the left of the widget)
- Manage All Reports: displays all expense reports you have made so you can view and / or amend the details

# Please note that for an employee to claim mileage, Vehicle Registration (including insurance details) must be set up, the steps on how to complete this will be detailed below.

Some organisations can claim for bicycle miles. You will still need to set up the bicycle as your vehicle, follow the same process on page 5. Simply set up a bicycle instead of a car.

- Registration Number Bicycle
- Model Bicycle
- Date Registered 1/1/00
- Engine cc 1000
- Approver Select your approver
- Vehicle Type Select Vehicle type of Bicycle
- Mileage Fuel Type Select Hybrid
- Insurance Expiry 31/12/9999

# Expenses Module & Widget

### My Expense Reports Widget

#### Find the My Expense Reports Widget

Go to the Employee Dashboard.

Click on the 'Expense' tab in the Employee Dashboard menu. This will take you into the Expenses area of CoreHR.

The 'My expense Reports' widget allows the Employee to View their Expenses including Mileage, Subsistence etc. A graph provides a visual representation of the data and each time an employee updates their expenses, the graph will change to represent this.

## My Primary Car Widget

## The My Primary Car Widget The Primary Car Widget can be found in the Expenses Module. This widget is used to manage your vehicles. Go to Employee Dashboard Employee Dashboard 👻 Navigate to the Expenses Module **Employee Dashboard** (५) Time Pay Ψ٩ Expense Click on the 'My Primary Car Widget' If you already have a vehicle entered in CoreHR, a list of the vehicles you use will appear in the Primary Car widget My Primary Car ACTIONS -Q Search Reg No. Vehicle Type Car Model WN56 FLC Default ÷ Car Approved

#### **Click Save**

Once you have saved your Manager will receive a notification.

Once this has been approved/signed off by your manager, you will be able to start claiming mileage on the newly created or updated vehicle.

#### Please note

• When completing your insurance details, the date **must** be in the future.

• If your normal Manager is absent for holiday etc they may have delegated to another manager, if this is the case you need to ensure that select the correct manager's name from the Approver field – this will ensure that the delegated manager receives your request.

## Other Primary Car functions available

#### View Details

Click on the ellipsis and you can view the details of the vehicle you have selected.

#### **Edit Details**

Click on the Edit Details and you can amend the New Car form. (Users will generally use the edit functionality to update the insurance date annually in order to still be able to claim against the vehicle)

#### Mileage for this Vehicle

Click on the Mileage for this Vehicle and the system will produce a list of mileage you have claimed for the vehicle you have selected.

#### Make this my Primary Vehicle.

If you have more than 1 vehicle, you are able to use this functionally to select the vehicle you mainly use as your 'Primary Vehicle' this vehicle will appear first in the list when creating your mileage claims.

#### Delete

If you have entered details incorrectly, you can delete the form completely, or you can simply click on edit and amend the form.

#### **Creating a Bicycle**

Some organisations can claim for bicycle miles. You will still need to set up the bicycle as your vehicle, you follow the same process on page 5. Simply set up a bicycle instead of a car.

12. Checking that a manager has approved the claim - A notification will appear in the notifications

listing that appears when clicking on the symbol. The associated message will confirm whether the claim has been approved or rejected.

Alternatively, go to the 'My expense reports' widget, click the 'Actions' button and select 'Manage all reports' menu item. This option will allow you to view the history of all claims made and their status, including those that have been approved.

#### 13. Updating a rejected claim

A notification will appear on both the notification bell listing and the 'My expense reports' widget > Actions button > 'Manage all reports' menu item, showing that the claim has been rejected. By clicking on the ellipsis at the end of the rejected line, you will be able to see the reason for rejection and update/amend as per manager instructions or simply resubmit without making any changes.

Once submitted that manager will be notified that this is a 'resubmission'.
